

Fellow KLSC Fun Run supporters!

FUN RUN IS ON!! Our Groomer Operators have been out all last night and out again today and throughout the evening. Both Groomers working “round the clock to get the run ready.

The Fun Run Route REGISTRATION has been moved from to our Building on HWY 121 north of Fenelon Falls beside Superior Propane (Signs will be posted for direction to building).

Cost is \$15.00 to be entered into the prize draw. Parking is available at the Staging area beside Superior Propane not at the building so that we can accommodate the snowmobilers getting registered.

We are heading out in late this morning to set up all the checkpoints in an ALL NEW Fun Run Route for this year.

The woodland trails have held the snow and with the snow predicted for today and cold temps for the weekend the Rail Trail will be in good shape. The trails are currently granular as the groomers have scraped down the ice and hard packed snow but with the anticipated snow today

Parking in Kinmount for the Lunch Break at the Kinmount community centre is available just off the Rail Line. Sledders asked not to travel or park on sidewalks. Short walk to Check Point 7 and lunch.

There is NO GAS available in Kinmount so have your sleds full for the route which is about 75 kms long. There are 3 portapotties thru out this Fun Run to accommodate riders.

The FINALE in support of the Salvation Army Food Bank and the Women's Resources Centre will take place ON OR BEFORE 3:00 at the Burnt River Community Centre.

In addition to \$1000's of dollars in Gifts and Certificates a Silent Auction and Raffle for a T.V. Snowmobile Helmets, Raptor Tickets, and Snowmobile Jackets will be held.

Counsellors will be on hand to take part in the festivities. The Snack Bar will be open for hot chocolate, pop and chips.
